- DYNAMIC DC

GOVERNOR

nikita ramanujam

SCHOOL: mission san jose

GRADE: 12th

CHARACTER: nemo (finding nemo)

This will be my third year serving on District Council and I am very excited to make this year one to be remembered. So here's a little something about me... I have a twin, music is my love, I like taking pictures with my iPhone, and I never sleep (literally)! But now on to more interesting things...! If I could be any Pixar character, I would be Nemo! I admire this little fish's ambition, drive, determination, hope, and love. He is always willing to go out beyond his comfort zone, try something new, meet new people and always stays optimistic. Despite his size, he has a heart as big as the Australian Current. But Nemo is not the only one who has all these characteristics, I know 6000+ others who have them too; they are called Interactors. When I look at you all today, I see a sea of Nemos. I see a group of fine young individuals who are looking to make a difference. Let's have a great year, 5170. And remember, just keep swimming!

CHARACTER: crush (finding nemo)

Ay dude! The name's Crush and I'm pretty much a tiny turtle, alright not so tiny, but don't let that fool you. I got energy 24/7, even after 2 hours of sleep! Of course I maybe sipping out of my redbull. I'm ready to try new things and love adventures! Oh, and all that WICKED slang you're hearing it's because I use slang 24/7. I love watching the NBAs and meeting new people, so don't hesitate to come talk to me randomly! I will be a senior at Henry M. Gunn High School this year, and Interact is definitely one of the things I'm looking forward to this senior year. Now real talk, I have been a part of Interact for 3 years and now as I enter senior year, I will also be entering my fourth and final year with Interact. Last year, I was the Area 13 Director, however, this year I have the honor and great pleasure in taking on the role of Lt/ Governor of the BEST District in the whole world! I'm stoked to watch our District continuously grow and blossom into something which is bigger, better, and bolder. I know with our Governor, Nemo, we'll do our very best and give it our 120% this year! I cannot wait to meet every single one of you, cheers to a great year! FIN, NOGGIN', DUDE!

Hello, my fellow Interactors! I am SO ready this year to see some fresh faces to Interact, as well as some familiar ones! Oh, let me introduce myself! My name is Raymond Cheng and I'm from Piedmont Hills High School, class of 2011! I am a fan of all foods, and I cannot express how much I enjoy watching movies! If you have a good movie, new or old, foreign language or English, please recommend it to me! Now, in Toy Story, Slinky is definitely man's best and most loyal friend (cause he's a dog!), and I want to be just like him! I believe we'll have a very rewarding year if we just take the time to get to know each other, so I hope to become great friends with each and every one of you! "Make the most of yourself, for that is all there is of you." - Ralph Waldo Emerson. This is why I am here on District Council, absolutely ecstatic to be your Events Coordinator for this year! I have a passion; I have a dream. I see myself reaching out, stepping out of my comfort zone and making the most of myself. I am here to be a part of the change that I want to see in the world. Interact is my opportunity to do just that, and I know that it is yours too! I enjoy good company and relaxation. I love swimming, going on late-night jogs, playing the piano, Interact, and being nobody but myself. :) I have been a dedicated member of Interact since the very beginning of Freshman year, and it has taken me here. I know that being a part of Interact will really bring us all to great new heights, whether it be meeting someone new who may change your life and/or leaving the world a better place! That being said, I am looking forward to a wonderful year with all you fellow Interactors! :)

Hi there! My name is Wesley Huang. I have just met you and I love you. I represent Dug the dog from the movie "Up" and I must say my collar makes me one amazing dog. Not only can I talk (seriously how many talking dogs are out there), but I can speak in multiple languages like Japanese. I also love to play tennis, so throw me a tennis ball and I'll go get it. I am a great tracker. My fellow Interactors from Irvington High School sent me on a special mission all by myself. Have you seen "Interact Love"? I want to find it, and I've been on it since. SQUIRREL!..I am a great tracker, have I mentioned that? I heard this "Interact Love" is special, and that the new Interact year is right around the corner! There is going to be a lot of "Interact Love" there because the District 5170 Interactors will be part of it. Oh boy! Oh boy! Oh boy! Well, time to continue searching for this "Interact love". I will be hiding under your porch because I love you.

I'm very much excited to work with everyone in helping bring out all that Interact has to offer to your school, community, world, abut most importantly, yourself. My goals this year are to work closely with the new clubs that I help guide to success, the Rotaractors in the college level, creating Interact Junior clubs/awareness in the Junior High level, and to meet as many passionate Interactors as I possibly can! Real talk, I'm super excited, enthused, and anxious to meet all ya'll so say 'ello! I don't bite! HOWDY PARTNERS! Being an enthusiastic and a caring friend, I will always try to help out those dames and damsels in distress. I am also the sheriff of this dynamic town, and there better not be any trouble. Interact keeps the peace around these local communities, while also reaching out to help internationally. For the upcoming year, I will be searching for many deputies to help me keep our communities in tip-top shape! **DO YOU THINK YOU HAVE WHAT IT TAKES?!** I want you to go out to many of the service days and volunteer at local organizations to keep that Interact spirit burning with a great passion! Working alongside with other Interactors and Rotarians, we will be making a great impact! However, take great caution because **Dr. Evil Pork-Chop** is on the prowl to cause trouble. **BUT DON'T FORGET!** When we all work together, we will be able to overcome any obstacle that dares to stand in our way. Make sure to work hard, play hard, and Interact even harder. I want you to **REACH FOR THE SKY!..** and aim for the stars because greatness is in everyone.

Also, I am, as you already can tell, extremely into anything photography. I really hope to meet as many of you at upcoming events and district events. If you see me at events, feel free to come up to me and ask me any questions you might have. Get to know me! I'm looking forward to meeting as many of you as I can before the year ends. I really hope that this year goes by smoothly like ice and that everyone will continue doing the terrific work they have been doing. And I really hope this becomes one of the best interact years EVER. I'm just happy to be part of this organization in this club that does so much for the world. HELLO EVERYONE! I will be your Co-Publications Coordinator for the year! I'm extremely excited to work with everyone, and I can tell that this year will be amazing! Now, why did I choose to be Kevin, from Up?! Well, like Kevin, I'll always try my best and never give up! Being the first interactor from my school to be a part of DC, I hope I can inspire others into working for their goals! Just keep trying and reaching for those goals, and you WILL achieve them! Hmmm, so a little about me. I love all things DESIGN (: Design has been a passion of mines since I was in middle school, but I wasn't actually able to showcase my passion until last year, when I joined yearbook. If you have any questions about design and all that, FEEL FREE to ask me about anything! I'm willing to help you guys! Oh, and I like chocolate too (just like Kevin?!!)

GRADE: 12th

CHARACTER: wall-e (wall-e)

Not too long ago, in fact only a couple months ago, I wore broken glasses. They snapped right down the middle, and in a desperate effort to see clearly, I taped them back together wearily and wore them with pride. These spectacles were bent crooked at the nose, the frames sagged on my face unevenly, and some supposed that I resembled a beloved character, one who goes by the identity of Wall-E. As the sickest robot that ever lived, Wall-E travels through space and time (literally), taking grand strides and great sacrifices in efforts to save the world, and his actions and ambitions are something every person here today at NPM should take to heart. We aren't robots, we can't defy gravity and shoot lasers, but together we definitely have capabilities that can go as far as helping out communities and reaching out internationally. Much like the b0mbdiggity Wall-E, we need to keep our dreams alive, keep them in my mind, and do all we can to transform them into realities. This year will not be easy, Interactors will grow lazy, unspirited, unmotivated, but as the Presidents and Vice-Presidents of your club, please urge them to keep going. Sometimes, that is all you can do, just keep going. My-Linh's the name, Interact is my game, FOR LIFE. We're changing the world, and they don't even know. I'M STILL LEARNING HOW TO BE A PRO. POSSE.

Hello! I'm Timothy Vo, your 2010-2011 Webmaster! :) If you haven't checked out the newly renovated website be sure to check it out at interact5170.org! There is going to be a surprise for the new site so be sure to stay updated and visit the site! Timothy is my name but you can call me Timmy for short, I don't mind. I am not your average tech-savvy person and there is a lot of things I like to do besides go on the computer. Things like being ninja, watching movies, reading books, playing sports, taking pictures, etc! Out of all the characters available, I chose Luxo Jr. because I'm always lighting up with great ideas and the curiosity to try new things. Plus now you know the name of the lightbulb that is always jumping on the "I" in Pixar. :

If there were a Rotary Club in Toy Story, Buzz Lightyear would be the epitome of a perfect Rotarian. Buzz is super loyal to everyone and if you saw any Toy Story movie, he constantly puts service for others before himself. This is why I chose Buzz as my Pixar representative. So time to talk about me. I live in Oakland and go to ASTI, I can get crazy around people I've known for a while (this means you guys and gals reading this ;D), and i am known to have lovely handwriting. I am a science geek at heart with altruistic Interactor blood in my veins. I aspire to go to CAL and work my Interactor butt off by majoring in Biology and joining Roteract. I am super excited for this Interactyear and to meet all of you Interactor's personally.

NEW PRESIDENTS, have you seen my son Nemo? Well, I'll just keep swimming till I find him in that great big District 5170 Ocean. By the way, I almost forgot to introduce myself. My name is MARlicity! Get it? Haha. That was supposed to be funny, cuz I'm a clown fish! Aside from being amazingly funny, you can always find me out fundraising, raising awareness, meeting new people and dedicating my 100% service to Interact! One of the greatest gifts I've received from becoming an Interact member, aside from spending an amazing time contributing to service projects, are all the relationships I've established and incredible friendships I've made. It is my goal for this year to really have fun and enable everyone to feel included in the Interact community. Feel free to join me in my anenenomni, anenenenmonini! I promise I won't bite like that super scary Barracuda fishie :).

AREA 3

SCHOOL: livermore

GRADE: 12th

CHARACTER: remy (ratatouille)

Bonjour Area 3 and Interactors of District 5170. A pixar character that I feel epitomizes me is Remy the rat from Ratatouille. He is small, determined, and unique. He defied the odds even though others put him down, which is very similar to my interact hardships. Being co-president was a new experience and I quickly realized that not everyone was going to love me. This led me to become more confident in myself as a leader by embracing the flaws and as Remy says, "Change is nature. The part that we can influence. And it starts when we decide." As leaders we should take the initiative and not shy away from action. This incredible year, I aspire to inspire others into taking the first step to becoming a positive leader in the community. Interact 2010-2011 is going to be mind-blowing and I cannot wait to lead Area 3 just as Remy lead the food industry with love and passion!

Hey there Interactors! Call me Squirt, or actually, no, just call me Tuong. Squirt just happens to remind me of how I feel about my Interact experience: totally amazed. Squirt has got to be the most enthusiastic cartoon character I have ever seen. All that optimism, enthusiasm, and willingness.. The exact same emotions that got me roped into Interact, and those are the very same ones that keep me involved. I sincerely hope this year will be a new opportunity for all of you. Take every opportunity! Overlook the limitations, and create that new segment of your life that you'll always remember as Interact. What you make of it will be what remember it as. So my challenge for you: introduce yourself to five strangers at every event you go to this year. You might just build the bond of a lifetime. And don't be afraid to be weird, because after all, everyone of us are a bit weird in our own way. I can't wait to personally meet you all this year, to give you the biggest smile ever, and shake your hand/give you a hug. But until then, this year will be our legacy, and the possibilities are endless. Goodbye for now! <3

I am the new Area 10 Director and I am VERY excited to fill this position, because I want to be part of Area 10's time in the spotlight! I plan on doing everything in my power to make this a cohesive Area – a family that works together to accomplish great things. I believe in the idea that many small things add up to create a bigger difference – and that's why I love Interact so entirely much. Every member of Interact is a truly passionate and caring individual. The people, like you, involved in this organization care about making a difference, and do whatever they can to make this a reality. With our combined forces as a team we DO make a splash in the 'problem pool', all because people took the time to care about themselves, and their impact. Colette: she is a leader, loyal to her loved ones, passionate about food, and proud be different. Passion, Drive, Creativity, and Loyalty are the qualities I admire most in a person. Hey, what's up everyone? My name is Boshiaw Hsu, but I'm usually called Bo. I am 17 years old and I go to Henry M. Gunn High School in Palo Alto, CA. I am going to the new Area Director for Area 13 and I am super excited this year to making it the best blasting year. I love to yell when I am really needed. I like to play sports such as badminton and basketball. I am not a big fan of reading books. My Pixar character is Mike Wazowski. I think he best fits my personality out of all the Pixar characters. He has a very good sense of humor like me and he cares about others just like me. Also he wears contacts and loves to drive nice cars. I usually have been the behind the scenes type of a guy like he did with his best friend, Sulley, I like to make people smile a lot and if they don't smile I will smile. Having a positive atmosphere is the best atmosphere.

TIPS/ADVICE

FROM US,
TO YOU.

Start **STRONG** and **FINISH STRONG**.

LEAD BY ACTION, not by title. After all, "**ATTITUDE** reflects leadership, captain(s)."

If you get stuck, don't be afraid to **ASK FOR HELP!** Being in Interact, you're never alone. Dynamic DC and other Interact Presidents are always **HERE TO HELP** you! With so many clubs, there are ways to do things in a countless number of ways you might not have thought of alone. It's the **POWER IN NUMBERS** that makes us so strong!

Show your Interactors that Interact is **A WHOLE LOT MORE** than community service and fundraising.

You can't force others to do something, but you can **INSPIRE** them and **INFLUENCE** them to lead with an open heart. **LEAD BY EXAMPLE.**

Be sure to **PRIORITIZE YOUR TIME** wisely; otherwise, by the time you realize what happened, it'll be too late.

Be the **INSPIRATION** you want to see in others.

LOVE, DYNAMIC DC
